

## HUNTING GEAR

**Rifle and ammunition:** Bring the rifle you are most comfortable with; for plains game, calibers 270–375 are recommended, and for dangerous game, minimum 375H&H with premium bullets

**Optics:** High-quality binoculars, rifle scope, and a range finder for accurate spotting and shooting

**Knife or multi-tool:** Essential for field dressing and general tasks

**Rifle transport:** Hard lockable case for flights and a soft padded bag for travel between hunting areas

**Ammunition carrier** or small ammo box to keep spare ammo organized and accessible

## TRAVEL DOCUMENTS

**Passport and visas:** Ensure your passport is valid with sufficient blank pages; Check visa requirements

**Hard Copies** of all important documents & copies saved to your phone. Hard copies required for taxidermy, permits, and emergency purposes.

**Cash and tipping:** Prepare for guide tips (10–20%) and other staff appreciation.

# WHAT TO PACK

## CLOTHING & FOOTWEAR

**Lightweight, neutral-colored clothing:** Brown, beige, pale blue, or green to blend with the bush and stay cool.

**Avoid** bright colors, white, or black

**Long-sleeved shirts & long trousers:** Protect against sunburn and insect bites

**Warm layers:** Fleece jacket, gloves & warm hat for early mornings / evenings in the hunting truck

**Rain jacket:** Useful for unexpected showers

**Footwear:** Comfortable, worn-in safari boots or closed shoes for rugged terrain; sandals or flip-flops for camp use

**Swimwear** most of our lodges have a pool/gym

**Optional:** Gaiters for dusty or muddy condition

## PERSONAL ITEMS

**Sunglasses and sunscreen:** Protect against sun and UV exposure

**Lip balm with SPF:** Prevent sunburned, wind chapped lips

**Daypack:** Light back bag to carry water, snacks, insect repellent, and other essentials

**Camera or smartphone & chargers:** Capture wildlife and scenery

**Flashlight or headlamp:** Head torch is great for nighttime use

**Contact lenses and glasses:** Include spares and solution if needed

**Converter Plug:** 220V

## MEDICAL & HEALTH ITEMS

**Prescription medications:** Bring enough for the trip, in original packaging with a copy of the prescription

**General antibiotics and chronic medications:** For emergencies or ongoing conditions

**Malaria prophylaxis:** If traveling to malaria-prone areas, take as prescribed

**First-aid kit:** Bandages, antiseptic cream, blister dressings, analgesics, antihistamines, motion sickness tablets, and rehydration salts

**EpiPen:** If allergic to insect stings

## GENERAL

Microfiber travel towel, wet wipes, hand sanitizer

Moisturizing cream and anti-chafing products

Extra batteries or chargers for electronics

**By carefully packing these items, you can ensure a safe, comfortable, and successful African hunting safari while being prepared for the unique challenges of the bush!**
